The Maysville Cotton Mill started up last week and by the latter part of this week will be in full operation, employing from 140 to 150 hands. That such a number actively engaged, with a consequent big weekly payroll, means much to the merchants and others cannot be gainsaid.

The Rev. P. A. Cave, the former popular Pastor of the Christian Church in this city, delivered the sermon at the union Thanksgiving services at Charleston, W. Va., last Thursday. In noting his sermon The Charleston Gazette says: "The Thanksgiving sermon was preached by the Rev. P. A. Cave, Pastor of the Lee Street Christian Church. The sermon was timely, the speaker bringing out clearly the fact that the American people, more than any other, had special reasons for giving thanks for the blessings that had come to the country. The musical service was excellent. The Church was crowded, many being forced to stand during the entire service."

THERE was a time when the prevailing principle in government was this, that only persons of aristocratic birth and great possessions should rule. In getting rid of that principle we are in danger of going to the other extreme, for in these days a good many people are advocating doctrines which amount substantially to this: That anybody who has anything is, consciously or unconsciously, a thief; and that the only people fit to rule are those who have never had the ability, industry or self-denial to save anything. Bad as the old principle was, this is infinitely worse.—Wall Street Journal.

FEEBLE OLD LADY

Has Strength Restored By Vinol

Mrs. Michael Bloom of Lewistown, Pa., who is 80 years of age, says: "For a long time I have been so feeble that I have had to be wheeled around in an invalid's chair. I had no strength and took cold at the slightest provocation, which invariably settled on my lungs, and a cough would result. My son learned of the cod liver preparation called Vinol, and procured a bottle for me. It built up my strength rapidly, and after taking three bottles I am able to do most of my work, and I can walk a quarter of a mile easily. Every aged or weak person who requires strength should try Vinol. I am delighted with what it has done for me." As a body builder and strength creator for old people, delicate children, weak, run-down persons, and after sickness, Vinol is unequalled. If it fails to give satisfaction we will return your money.

BOOM FOR MAYSVILLE

Burley Society Leases American Tobacco Co.'s Big Plant Here

Nearly 7,000 Hogsheads Purchased By the A. T. Co. to Be Handled at Maysville

Two Big Rival Concerns Get Together and Hundreds Will Be Put to Work

Saturday's Courier-Journal.

James N. Kehoe, former Congressman from the Ninth District, representing the Burley Tobacco Society, closed a contract last night with R. K. Smith, representing the American Tobacco Company, whereby all the warehouses in Maysville, owned by the American Tobacco Company, are leased by the Burley Society for the purpose of handling all the tobacco in Mason county and the contiguous section, sold a week or two ago to the Trust. The Burley Tobacco Society will pay the American Tobacco Company rent for the warehouses where the tobacco will

be delivered by the Society and growers and where it will be sampled and graded and turned over to the American Tobacco Company according to contract.

Mr. Kehoe said that several million pounds will be delivered in Maysville, from which place it will be delivered or shipped wherever the American Tobacco Company designates. Mr. Kehoe will superintend the handling of the tobacco in the warehouses himself. He said that deliveries to the Maysville warehouses will begin Monday and will continue until all the pooled tobacco that has been sold has been cleaned up and put in shape for the purchasing company.

GOOD TIMES ABOUT MAYSVILLE.

"There are going to be busy times about Maysville for the next three months," said Mr. Kehoe. "The tobacco deliveries will begin Monday and the sampling and grading will be rushed until everything is cleaned up. The renting of the warehouses in Maysville from the American Tobacco Company by the Burley Tobacco Society was simply a business proposition. We will

pay them for the rent of the houses, which will be satisfactory to the purchasing company. The contract for the warehouses was closed in a few minutes with the representative of the American Tobacco Company, who himself is a business man.

"The selling of the pooled tobacco will bring good times for my section of the country. At least 65% of the money received by the farmers will be 'velvet,' which is bound to bring better times. The Banks in my section loaned 5 cents a pound on all pooled tobacco and you see after this indebtedness has been liquidated a handsome sum will be left for the farmer.

"No tobacco was raised in my district by the members of the Burley Tobacco Society this year. The independents in Lewis and surrounding counties raised a little, but not enough to cut any figure. We will raise a crop next year. Farmers have begun to make arrangements to this end. There will be an understanding and the farmers will go at it in a business-like way. There will not be an enormous crop raised, but an average one.

* * *

"I think we will have no trouble hereafter in securing living and profitable prices for Burley tobacco or for any other tobacco grown in the State so far as that is concerned. The farmers have demonstrated that they can unite for betterment of conditions and that is all that was needed."

Mr. Kehoe will return to Maysville this morning so as to begin arranging the warehouses for receiving tobacco. Mr. Kehoe would have nothing to say on politics, other than to say that he played politics during the game, but after the election is over and all is decided he was through for a while. He said that he was now going to devote himself to business for the next few years at least.

Hon. J. N. Kehoe arrived home Saturday night from Louisville, and in conversation with a Ledger Scribe confirmed the consummation of the above deal, and stated that the Mason County Tobacco Warehouse Company would at once take charge of the plant and warehouses of the American Tobacco Company in the East End and proceed to handle tobacco in the pool so as to bring about as early delivery thereof as possible.

Mr. Kehoe rented this property because it is the largest and best equipped plant in the State, and will afford his Company an

opportunity to sample and deliver the tobacco in one-fourth the time that it could be done if they were compelled to handle it in smaller warehouses at various points.

Mr. Kehoe's idea is that under this arrangement the farmers of Mason county will get their money much quicker than could be possible under any other plan. Besides, the moving of the tobacco into these warehouses will be a saving of several thousand dollars to the farmers in insurance. About 7,000 hogsheads will be handled here.

The remainder of the 1906 crop, which is now stored in the Cooper Warehouse in Front street, will be sampled at that place. The 1906-7 crops will be kept and handled entirely apart.

This will mean the giving of employment to all the idle men in this city. The work will be pushed to a rapid completion, so that the money will be turned over to the farmers at the earliest date possible.

The placing of the Equity banner over the American Tobacco Company's warehouses makes the victory won by the farmers complete, and they and the Company and the community as well are to be congratulated upon the wisdom shown by the officers in bringing about friendly relations between the warring elements, which, it is hoped, will be lasting and to the mutual interests of both.

Stomach Muscles In Old Age

How Old People May Retain or Restore Good Health

Usually the bowels are not so active in middle or advanced years as in youth. Just as the eyes grow dim, the skin wrinkles, the hair gray, the muscles flabby, so do the internal organs show their age if we could but see them. However we sometimes find a person whose age is near the meted three-score and ten and yet his step is sprightly, his eye keen, his flesh firm, his appetite good and his bowels regular, and upon close questioning you will find a life's history of right-living, good food, keen appetite, perfect digestion and regular bowel action.

Regular bowels and proper digestion of the food we eat is absolutely necessary to the enjoyment of good health by old or young. If the readers of this article are interested, we are glad to tell them how they can restore good health and prolong their lives. Step into a drug store and purchase a bottle of Dr. Caldwell's Syrup Pepsin. It will cleanse the bowels of any waste matter that has clogged them up and restore to them strength and nerve force for regular natural daily action. It aids digestion by stimulating the stomach and digestive glands to a proper and sufficient secretion of the fluids necessary to perfect digestion. It acts on the liver and kidneys in a mild, quiet yet effective manner. Rev. A. J. Fletcher, of Rutherford, Tenn., is 80 years old, and it cured him of 40 years of dyspepsia. W. W. Sterling, Sioux City, Ia., says: "Dr. Caldwell's Syrup Pepsin is the best medicine I ever used and I am 88 years old." E. F. Thompson, Shenandoah, Ia., says: "I suffered 15 years with dyspepsia and it cured me." It is certain and effective in the most obstinate old cases, and yet mild and safe for the most delicate woman or child. All druggists sell it at 50c and \$1.00 per bottle. Pepsin Syrup Co., 324 Caldwell Bldg., Monticello, Ill., is glad to send a free sample to any one who has never used it and will give it a fair trial.

UNION LEAGUE

Of Christian Endeavor to Meet
Next Friday Night

The next regular meeting of the Union League of Christian Endeavor will be held next Friday evening, December 4th, at the Central Presbyterian Church. This meeting will be of a social nature and an excellent program is being arranged for the occasion, consisting of music, recitations, games and a special number of the Union's paper, the latter of which, we are assured, will be worth going miles to hear read. All the young people of our city are cordially invited to attend this social and are requested to bring a pound of some useful article that can be given to the needy. Let this be an occasion where the young people shall, in a substantial manner, manifest the true spirit of Christian giving.

The new President of the Union, Mr. James R. Wood, will have charge of the meeting and nothing could please him more at his initial meeting than to see the Church crowded with people.

Light refreshments will be served during the evening.

The entertainment by the Boethian Class at the Third Street M. E. Church last Friday evening was an immense success, reflecting great credit on the young men of this class and their faithful teacher, the Pastor of the Church. A very entertaining program was rendered, after which the audience was invited to visit the menagerie at five cents a visit. Rev. Harrop assured the audience that the animals had all been fed and were not dangerous. Those who visited the animal show must have enjoyed it, as they all returned with a suspiciously broad grin on their faces and occasionally one was heard to say "Stung." Light refreshments were served and all enjoyed the entertainment and hope that the Boethians will entertain again soon.

Colonel Phil B. Thompson, Sr., died at Harrodsburg Saturday in his 88th year. He was an ex-Senator in Congress and a prominent Confederate.

NATURE TELLS YOU.

As Many a Maysville Reader Knows
Too Well.

When the kidneys are sick, Nature tells you all about it. The urine is nature's calendar. Infrequent or too frequent action; Any urinary trouble tells of kidney ill. Doan's Kidney Pills cure all kidney ills.

John G. Morris, Jail Keeper, living on Main street, Flemingsburg, Ky., says:

"I can recommend Doan's Kidney Pills as being all that is claimed for them. Several months ago I was suffering severely from kidney disorders, and although I tried many remedies, I was unable to obtain relief. My kidneys were very weak and irregular in action, causing me much inconvenience and annoyance. I lost a great deal of sleep on this account. Finally Doan's Kidney Pills were recommended to me. I procured a box at J. Jas. Wood & Son's Drugstore and began using them. I was surprised at the quick results, as the trouble entirely disappeared and I have had no return of any of the symptoms since. I cannot speak too highly of Doan's Kidney Pills."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

MRS. C. W. YORK.

Mrs. C. W. York died last night at 9:30 o'clock at her home in Washington, after a protracted illness, aged 57 years.

Besides her husband she leaves six children—Mr. A. A. York of Kansas, Messrs. C. F. and A. B. York of Mason county, Miss Elizabeth B. York of Cincinnati, Mrs. Jennie Humphreys and Miss Mary L. York of Mason county.

Funeral from the late home tomorrow morning at 11 o'clock, with services by Rev. Hockmerry.

Interment in Washington Cemetery.

WILLIAM S. QUAINANCE.

The venerable William S. Quainance died yesterday afternoon at 1:30 o'clock at the home of his daughter-in-law, Mrs. Mary D. Quainance, on Forest avenue. He had been growing feeble for some time, consequent to his advanced age—84 years.

He was born in Fleming county October 8th, 1824, and spent most of his long and useful life in that county. His wife preceded him to the grave almost two years ago, after they had been married 56 years.

He was the inventor of the Farmers' Mutual Aid Association, the original company being in Fleming county, a system of fire insurance which has now spread throughout the country. He is survived by one daughter, Mrs. L. D. Gordon of Covington, six grandchildren and one great-grandchild.

The funeral services will be held Tuesday morning at 10:30 o'clock from the residence. Burial in Flemingsburg.

HARRY L. MORGAN

**Freed From the Charge of Arson
But Held to Grand Jury For
Stabbing Daughtery**

At Flemingsburg Saturday Harry Morgan, charged with burning buildings belonging to Dr. W. B. McClure and stabbing Thomas Daughtery, was held to the Grand Jury on the latter charge only.

As a result of the case and events leading up to it and its sequel, two counties, Bath and Fleming, are in a state of excitement.

The trouble has been further intensified by the killing of Charles Starrett Friday.

Starrett's daughter testified at the Coroner's inquest Friday that her father caught her in the company of her sweetheart, snapped his revolver four times at her and then shot himself with the same revolver. The verdict of the Jury was suicide.

A number of citizens, however, openly declare that Starrett was murdered.

SOCIETY

Pleasure is not guaged by the calendar, nevertheless Thanksgiving and its octave garland the spirit of hospitality with special joys. The Misses Lee and Mrs. Graham Lee were therefore fortunate in their choice of Saturday afternoon for the delightful tea which thronged their pretty home with friends to greet Mrs. Percy Lee of Frankfort and Mrs. Thomas Moses of Knoxville.

The many friends of Mr. Percy Lee were delighted to meet his charming wife, whose graceful and cordial address made stranger an unknown word. That the handsome Miss Lee, as Mrs. Moses, holds her popularity in Maysville society undiminished by absence was assured by the royal welcome she received.

Mrs. David Freese of Lexington, Mr. Stanley Lee of Ironton and Mr. Percy Lee of Frankfort also demonstrated with sincere cordiality that old acquaintance should not be forgot and never brought to mind. Others to welcome the coming guests were Mr. and Mrs. Charles Lee, Mr. Graham Lee, Miss Lettie Wood, Mrs. Hemlet Sharp. A charming addition to the assistant hostesses was Misses Martha Green Sharp and Mary Dewees Poyntz, who presided at the card trays.

An especially enjoyable feature of the reception was the delightful music from violin, guitar and clarinet, furnished by Mr. Charles Lee, a nephew of the hostesses, and the Messrs. Gaither of the county. The musicians were hidden behind a screen of ferns and banks of green foliage and their harmonious strains added much to the charming gaiety of this very happy occasion.

The house was in gala garb, carnations, autumn leaves, holly and mistletoe mingling in rich profusion. The dining-room was particularly attractive with fragrant flowers, starry tapers, glittering silver, scintillating glass, comestibles and conversation holding carnival.

A delightful atmosphere of informality, of genuine Kentucky welcome, pervaded the home of these truly hospitable ladies, making the occasion a genuine pleasure as lingering and reluctant adieux attested.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a running, sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

"LIVES OF GREAT MEN ALL REMIND US"

The story of how Marshall Field amassed his great fortune may be told in a few words. He had something to sell and advertised it.

NO MAN DELIBERATELY BUYS POOR CLOTHES.

He thinks their good, worth the money, or he doesn't want them. Just the same, lots of men are paying their good money for cheap, cotton mixed goods and they think they are being real economical because they get such clothes for a little less than all wool would cost. This cotton-mixed stuff is very deceiving, even expert clothing men find it difficult at times to tell whether or not a fabric has cotton in it. As for the inexperienced wearer, we've seen fabrics that looked good enough to sell for \$20 for the suit that was at least 60 per cent. cotton and really worth about \$6 the suit. You get no such "flim-flam" when you trade with us. Thirty years selling good clothes enables us to separate the "sheep from the goats." When we say all wool we live up to it.
